Our goal is to ensure that teachers, parents, and community members have an active voice in local education matters.

CAMPUS ADVISORY COUNCIL

The Campus Advisory Council creates regular opportunities for the input of all stakeholders in the school's mission. Teachers, support staff, parents, and community members, each with direct knowledge of relevant issues related to the school, take part in advising campus administrators in order to improve education. This process is an important part of the campus culture and all regular meetings are open.

For information about joining your CAC or visiting a meeting, contact your school's principal.
