

CBOC Meeting

October 13, 2020

CBOC Meeting: October 13, 2020

AGENDA

1. **Call to Order**
2. **Reminder of Best Practices for Meeting Virtually**
3. **Public Comment**
4. **Approval of Minutes – September 15, 2020**
5. **Update on Report to the Board of Trustees in October**
6. **Update on District Response to COVID-19**
7. **Update on Academics and Modernized Buildings**
8. **Update on Construction Safety**
9. **Update on Prevailing Wage**
10. **Routine Reports**
 - 2017 and 2013 Bond Programs
 - Issues and Risks, Substantial Changes
 - Bond Program Change Log
 - Monthly Bond Financial Reports
 - HUB Update
 - Bond Communications Update
11. **Potential Future Items for Discussion, Meeting Dates/Times, Locations**
 - Proposed Meeting Topics Per Calendar for November, December (no meeting) and January.
 - Action Items Requested by the Committee
12. **Adjourn**

This CBOC meeting is being closed captioned to ensure accessibility.

AS YOU LOG IN:

- Please be patient, this advisory committee is the first one to adopt online meetings, and we continue to work out issues. Go CBOC!
- We are working to get everybody logged in.
- “Rename” yourself in Zoom so that we see your first and last name.
- Please turn your video on! We want to be able to see all your smiling faces.
- Please keep your microphone muted unless you are speaking. This helps minimize background noise!
- The tri-chairs, meeting monitors (operators behind the scenes), and staff will make sure members are heard.

AS YOU LOG IN:

- Everyone contributes to the discussion as best you can (we know there's much on your minds right now).
- Expect spotty sound/video at times. Please use headphones so your mic doesn't re-transmit sound (hint: a wired headset will give you the best experience).
- Expect to be inadvertently interrupted or vice versa. That is just how these things go.
- Note: In Zoom Webinars, the chat feature is designed so that the public can interact with the panelists. The chat feature has been disabled so the public can watch but, like a typical CBOC meeting, can't participate.

Murchison MS Addition

All regular and plenary meetings of AISD advisory bodies are open to the public.

Due to the COVID19 pandemic, members of the Public have been asked to submit written comments to **Austin ISD's Let's Talk** platform by 5 p.m.

Ten minutes of Public Comment will be read.
No more than 2 minutes per person.

See File prefix 04

Approval of Minutes from **September 15, 2020** CBOC Meeting

Heritage Live Oak at Ann Richards SYWL scheduled to be moved to new location on site

**Update:
Semi-Annual
Report to the
Board of
Trustees**

CBOC SEMI-ANNUAL REPORT TO THE BOARD OF TRUSTEES

- Staff has begun work on the report for October submission to the Board of Trustees.
 - Due to Covid-19 and staff limitations, report submission was moved from August to October.
 - The Table of Contents covers all areas of CBOC charge
 - At the August and September meeting, we asked CBOC members if they'd like any changes. No comments were received.
- Reviews
 - Staff and Contributors
 - Superintendent, Leadership, and CBOC
 - Schedule
 - 10/19 – Draft to CBOC for Review
 - 10/26 – Comments due to staff
 - 10/30 – Report Finalized

ACADEMIC VISION

Learning today is physically and socially different than it was in the past. To respond to the changing needs of society and the needs of our students, AISD schools support an experience in which every child is able to learn at their own pace and follow individual interests. Likewise, the role of the teacher is also shifting in that the educators of tomorrow become facilitators who work in collaboration with learners. They serve as a resource on how to find, access and apply information. Educational spaces are designed to support AISD's power skills, the Six C's.

PREPARING FOR SUCCESSFUL CAMPUS MODERNIZATION

Professional Learning Cohort Series

Why To prepare site leaders, lead change agents, and all educators of a campus for the mindset, instructional, and logistical changes required to fully realize the potential of a modernized facility and reinvent the urban education experience.

How Campus teams will engage and learn as a community of practice examining the dimensions, process elements, and success measures of modernized learning environments.

Who Principals and up to 2 change agents on the campus.

Cohort 1

Blazier, Brown, Doss, Govalle, Hill, Menchaca, Norman Sims, Sanchez/Metz/Zavala, Murchison, Ann Richards, Rosedale, Eastside, LASA

UPDATE ON CONSTRUCTION SAFETY

JOERIS' EFFORTS TO MINIMIZE THE SPREAD OF COVID-19

March 25, 2020

Clients and Trade Partners,

At Joeris, we value safety and integrity above all else. With concern continuing to grow about the spread of Coronavirus and the resulting illness, COVID-19, we want to assure you that you and your project are in good hands with Joeris.

As your general contractor, we're laser-focused on ensuring that your project stays clean, our project stakeholders stay healthy, our teams stay vigilant, and our projects stay on track to meet your project goals.

We are taking numerous steps to protect you, our teams, and our projects from the spread of infection during this concerning time.

All active Joeris projects across the state of Texas are following procedures to help ensure the health of our team and project spaces.

JOERIS JOBSITE PROTOCOLS

SOCIAL DISTANCING & OUTDOOR MEETINGS
Any necessary meetings on site will adopt social distancing procedures to include outdoor meetings when possible and 6' of separation between persons at all meetings.

JOBSITE WILL BE CLOSED TO ALL UNNECESSARY VISITORS

JOERIS PROJECT TEAMS WILL COMMUNICATE ANY POSITIVE TEST RESULTS
Joeris project teams have and will continue to communicate jobsite protocols should anyone at the site test positive for COVID-19.

JOERIS PROJECT TEAMS WILL COMMUNICATE CONTINGENCY PLANS TO OAC/TRADE TEAMS
Joeris project teams will continue to communicate to all OAC/Trade partner team members regarding contingency plans should local or state mandates regarding project sites be implemented.

If any worker exhibits signs of respiratory illness or fever, those team members will be sent home, and will require a return to work slip from a medical provider. In addition, all employees and trade partners have an obligation to report an exposure or positive test result.

We regularly give these reminders to all of our team members during daily safety meetings:

- Wash your hands frequently and thoroughly [20 seconds, minimum]
- Adopt an alternative to the handshake
- Avoid contact with sick people
- Avoid touching your own eyes/nose/mouth
- Stay home if you or someone in your home is feeling sick

Joeris encourages all trade partners to comply with Joeris protocols and/or communicate their own protocols to the Joeris project team in writing.

INTERNAL PROTOCOLS & CRISIS TEAM

We're taking meaningful steps behind the scenes, as well.

CORPORATE & PERSONAL TRAVEL SAFETY MEASURES

Corporate Travel
All non-essential business travel has been suspended

Personal Travel
All personal travel is currently discouraged, and a process has been established for personal travel to be communicated to Joeris so self-quarantine routines can be implemented if needed

ALL MEETINGS ARE TO TAKE PLACE VIA DIGITAL MEANS/METHODS

ALL OFFICES ARE CLOSED TO UNNECESSARY VISITORS

TELEWORK/WORK FROM HOME IS BEING IMPLEMENTED ON A ROTATING BASIS for all office positions where it is feasible

We will continue to be vigilant in updating our protocols as new information is released, daily.

WE'RE HERE TO ANSWER YOUR QUESTIONS.

We are available to our clients at any time. Contact your project executive with any of your project concerns. We're also here if you have questions about how COVID-19 may impact on-going or future work.

Again, we want to assure you that you and your project are in good hands with Joeris. We've put these measures in place because we want you and your loved ones to stay safe, healthy, and comfortable until this public health issue is behind us all.

With lots of concern and caring,

John Keenan,
Director, Risk Management

NEXT UP:

Issues, Risks & Substantial Changes

Issues, Risks & Substantial Changes

ISSUES, RISKS & SUBSTANTIAL CHANGES

ISSUES & RISKS:

Program-wide Cost – As reported previously, the Austin construction market continues to be extremely volatile.

The team continues to see increases in material costs including concrete and steel, but recent bidding information suggests an increase in competition which may result in increased value to the District. Costs are also impacted by the COVID pandemic, which has both slowed or delayed some demand for commercial construction, and strained labor supply due to exposure and quarantine.

AISD staff continues to monitor and will adjust project schedules and approaches to provide best value to the District. CMD Leadership is closely monitoring program cost projections, including program contingency.

ISSUES, RISKS & SUBSTANTIAL CHANGES

ISSUES & RISKS:

Norman-Sims ES Modernization – Schedule Risk - The Norman-Sims ES project is nearing completion, with occupancy planned for January.

CMD is closely monitoring progress, and working with the project team to identify and mitigate any schedule risks.

Some actions, such as certain trades working overtime to complete the project on time, are already underway.

Substantial Completion is on schedule for November 2.

Norman-Sims Elementary School Rendering and Picture, Front Entrance View

ISSUES, RISKS & SUBSTANTIAL CHANGES

Sanchez Elementary School – Existing Roof Deck

ISSUES & RISKS:

Sanchez ES Modernization – Roof Deck Issue -

While working on the parapet wall at the roof adjacent to the courtyard, a worker's foot went through the lightweight concrete and roof deck, indicating that it is in worse condition than previously believed.

The project team has performed further investigation and testing, to determine whether a new deck should be installed.

The area is approx. 22,000 SF, with finishes already being installed beneath.

The installation of a new deck will likely have a cost and schedule impact, but it is likely the appropriate solution. We will update the committee once a path forward is decided.

ISSUES, RISKS & SUBSTANTIAL CHANGES

ISSUES & RISKS:

Eastside ECHS Modernization – Wellness Walk (Update) – At the August meeting we shared that the project team was exploring options to fund the wellness walk. The walk had been previously removed from the project due to budget constraints.

After working with the project team to value engineer and re-design some elements, the cost was reduced from an original estimate of \$1.8M to approx. \$500k. The project has a current owner's contingency balance of \$1.75M, and is over halfway complete.

CMD has approved the use of owner's contingency for the wellness walk, without the need for additional project funds. The CAT was recently notified, and were pleased to hear the news.

Eastside Memorial ECHS/International HS at the original LC Anderson Campus

ISSUES, RISKS & SUBSTANTIAL CHANGES

SUBSTANTIAL CHANGES:

Casis ES Modernization – Budget Increase – In May, the CBOC was informed that during the design process and upon further assessment of the structural conditions of the existing building, renovating the spaces to meet modernization standards would not be feasible. This led to a decrease in area that could be renovate and increased the need for new construction. This impacted project phasing, requiring more portables for swing space.

The added areas of new construction and the costs of portables will be supplemented by a program contingency allocation of \$8.2 million, increasing the project budget from \$30.7 million to \$38.8 million. The original Casis ES bond book budget is \$35.2 million.

The Portable Village at Casis ES

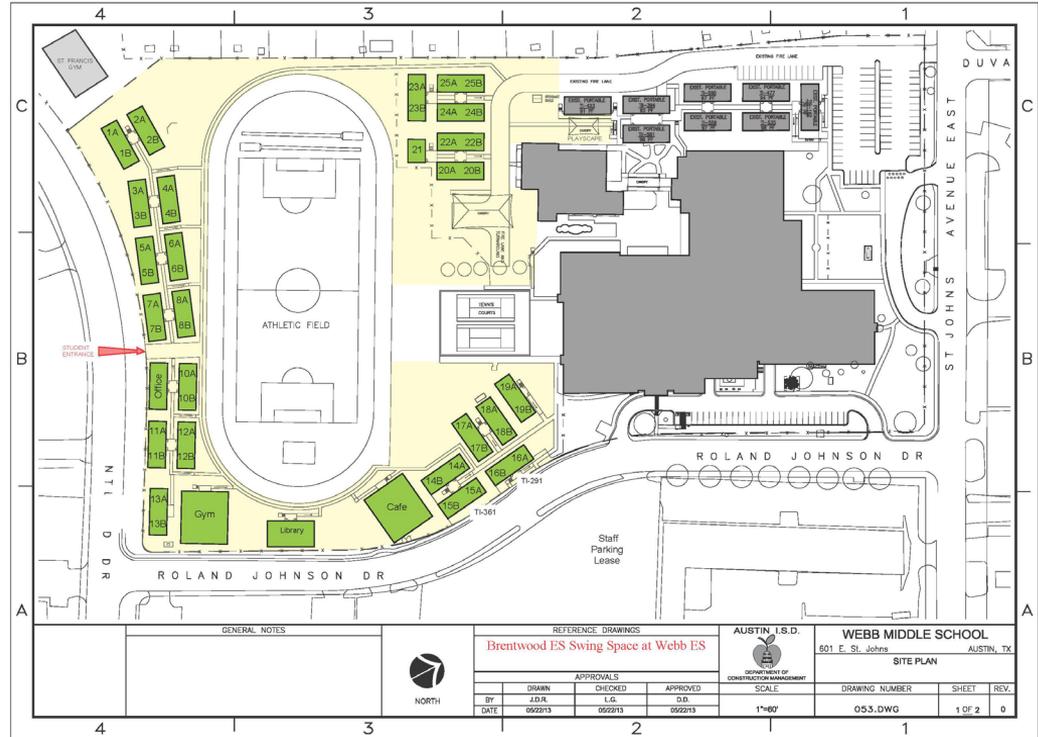

ISSUES, RISKS & SUBSTANTIAL CHANGES

SUBSTANTIAL CHANGES:

Brentwood ES Modernization – Budget Increase – In January 2020, the CBOC was informed that Brentwood ES would move off-site to a swing space during construction due to safety and site constraints. In March, Webb MS was announced as the swing space location.

Due to market escalation and the additional cost of off-site swing, the project will require an allocation from program contingency of \$6.2 million*, increasing the project budget from \$31.2 million to \$37.4 million. The original Brentwood ES bond book budget is \$35.8 million.

* - this is updated from \$6.7M, as written in the preliminary slide deck

Financial Reports

Financial Reports

FINANCIAL REPORTS: 2017 BOND FINANCIALS

See file prefix 10c

Eastside ECHS and International HS

There are many projects where the commitments have changed from FY20 to FY21. These changes in commitments have caused the balance amounts to fluctuate from one month to the next.

These changes are due to the close out of POs in FY 2020 and the reopening of POs for FY 2021. And the new POs in FY 2021 that were not present in FY 2020.

FINANCIAL REPORTS: 2017 BOND PROGRAM AMENDMENT LOG

There were four 2017 Bond Budget Amendments in Sept 2020.

See file prefix 10d

- Row 13 – Casis ES - Supplement funds for the GMP that exceeded the PCB, that was caused by market conditions, added cost due to city requirements, and with no swing space available which drove the duration of the project longer. - \$8,176,136. (10/13 - Substantial Change)
- Row 16 - Govalle ES - This transfer is to fund the amount of CCO#1 for the unforeseen conditions when demolishing the building. - \$500,000. (9/15 - Substantial Change)
- Row 65 - Delco - Additional funding is requested to allow construction of two canopies, improve site drainage and make needed safety improvements at a failing, dangerous fence. - \$193,500.
- Row 171 - Rodriguez ES - Increase to project construction budget due to the library water infiltration issues. - \$171,709.

FINANCIAL REPORTS: 2017 BOND PROGRAM & PREVIOUS BONDS

See file prefix 10e

No substantial changes to the previous bond usage by T. A. Brown ES, Menchaca ES and Bowie HS.

FINANCIAL REPORTS: 2013 BOND PROGRAM

See file prefix 10f

No significant changes to 2013 Bond since the last report.

FINANCIAL REPORT: TRANSPORTATION UPDATE

There were new POs set up in 2017 Bond during the period for over 100 new buses amounting to almost \$5.1 million.

FINANCIAL REPORTS: FY2021 TAX RATE UPDATE

On September 28, 2020 Austin ISD adopted its tax rates for FY2021.

- The Interest & Sinking (I&S) Tax Rate of \$0.1130 remains unchanged from the prior year and is used for the purpose of paying principal and interest on bonds issued.
- The Maintenance & Operations (M&O) Tax Rate of \$0.9897 was reduced by two cents from FY2020. This reduction is due to the state's compression percentage as passed by House Bill 3 of The 86th Texas Legislature in 2019. The M&O Tax Rate is used to fund the district's annual operating budget.

Austin ISD adopted an overall tax rate of \$1.1027, representing the lowest tax rate adopted in the past 20 years.

Tax Rates	FY2017	FY2018	FY2019	FY2020	FY2021
M&O	\$1.0790	\$1.0790	\$1.0790	\$1.0090	\$0.9897
I&S	\$0.1130	\$0.1130	\$0.1130	\$0.1130	\$0.1130
Total Tax Rate	\$1.1920 per \$100 of taxable value	\$1.1920 per \$100 of taxable value	\$1.1920 per \$100 of taxable value	\$1.1220 per \$100 of taxable value	\$1.1027 per \$100 of taxable value

Bond Communications

Bond Communications

MILESTONE CEREMONIES

Austin ISD celebrated the first of many milestone ceremonies this fall on Sept. 18 with the **Rosedale School Drive-by Groundbreaking Parade**. Families decorated their cars and traveled from the current Rosedale campus to the site of their new modernized school to see construction underway. Our Rosedale students and families were cheered on by AISD team members and nearby neighbors.

On Oct. 9 AISD hosted the **Doss Elementary Virtual Grand Opening** which included a video tour of the new school, remarks from AISD and Doss leadership. Attendees also saw what students are looking forward to most at their new campus.

Two additional virtual grand openings are scheduled for this fall: **Bear Creek Elementary** will host their event on Oct. 16, and **Blazier 4-6** will host their event in November. Email invitations to both events will be shared with the community.

ONGOING BOND COMMUNICATIONS

In addition to planning the upcoming milestone ceremonies, the bond communications team continues to provide regular project updates on the 2017 Bond Program.

- A community meeting for **New Northeast Middle School** was held on Oct. 1 to provide updates to the community before construction begins in Nov. You can view a full recording of that meeting on the AISDFuture blog.
- The **10th issue of the 2017 Bond Quarterly Newsletter** was shared the week of Oct. 5. This issue covered reopening plans and how modernized furniture supports social distancing. It also highlighted the AISD Leadership team, Bear Creek Elementary and the district's sustainability efforts.
- Overall **progress updates** covering modernization projects across the district were shared with their respective school communities.

To read the latest newsletter and follow along with community meetings and events, please visit www.AISDFuture.com.

AISD FUTURE: 2017 BOND NEWSLETTER

OCTOBER 2020

VOLUME 3 | ISSUE NO. 2

Austin ISD Family:

The summer was a period of learning and tremendous growth for the district as we prepared to welcome students back for the 2020-21 school year. Our top priority remains ensuring the health and safety of our school communities by implementing practices that prevent the spread of COVID-19.

AISD's Board of Trustees revised the school calendar, moving the first day of school to Sept. 8. It's been incredibly exciting to start school again and see our students, teachers, team members and families—virtually and otherwise. The district will continue to remain nimble as guidance may change. And, we remain committed to providing frequent and open communication. For the most up-to-date district plans, visit AustinISD.org/openforlearning.

COVID-19 AND MODERNIZED CAMPUSES

When face-to-face instruction resumes, we will be practicing social distancing, wearing masks and implementing robust cleaning procedures throughout the district. Our top priority is to maintain the health and safety of our school communities. AISD's Board of Trustees approved the allocation of \$13 million for personal protective equipment for the 2020-21 school year. This investment will help us provide masks, sanitizers and additional cleaning supplies to ensure all of our learning environments are clean and safe.

AISD has implemented stringent cleaning practices at all campuses. High-touch surfaces are sanitized multiple times per day. And, each campus is deep cleaned daily. These safety measures require additional work and care from all of our team members, especially our custodians. We thank them for all of their hard work to keep our school communities safe.

*Thank
you!*

Action Items Requested by the Committee

ADJOURN

Eastside Memorial
Early College HS &
International HS
Future Exterior

Appendix:
**Key
Definitions**

APPENDIX: KEY DEFINITIONS

- **Project Contingency**: Project contingency is a budget of money, held at the project level, that exists to mitigate against risk and uncertainty, and is used to ensure the delivery of each individual project. It is either planned and funded at inception or built through contribution from within that individual project budget.
- **Program Contingency**: Program contingency is an account of money, held at the program level, that exists to mitigate against risk and uncertainty for the entire bond program, and is used to ensure the delivery of all projects within the program as scoped. It is either planned and funded at inception or built through contributions from individual projects.
- **Bond Authorization Surplus**: Bond authorization surplus is an account of money or unused bonding authority, which begins at a zero balance at the start of the program and receives contributions of surplus bond authorization as projects are completed under budget. Represents uncommitted funds, which can be used to fund new projects and/or scopes of work.
- **A Substantial Scope Change** occurs if there's a:
 - Change in location that is different from stated purpose when the bond was ratified by voters
 - Change in project type that is different from stated purpose that was presented when the bond was ratified by voters, i.e., from “build new school” to build and “performing arts center” to “buy land” or “replace turfs”
