**TD** TEMPLETON  
DEMOGRAPHICS

**Z** ZONDA™ | metrostudy

*Templeton Demographics was engaged to perform demographic research and enrollment projections. Our process involved researching five years of district enrollment data, geo-code student data, review of economic conditions, review of vacant land and housing research. With our more than 40 years combined experience, we built a very extensive geographic data base. The process creates a detailed analysis of where the students reside and where they attend school. These patterns, along with economic conditions and research from the housing market, form the basis for the enrollment projections we provide to more than 100 districts throughout the state of Texas.*

# **DISTRICT OVERVIEW**

# Austin ISD Executive Summary

The Austin Independent School District experienced an enrollment decline of 475 students in 2021/22 due to the continued impact of the Covid-19 pandemic, resulting in an enrollment of 74,645. The pandemic has upended not just AISD enrollment, but public school enrollment across the state and nation, as well as the housing market and economy. The largest year over year enrollment declines were in kindergarten, 5<sup>th</sup>, and middle school enrollment declining 982 students between 2020/21 and 2021/22.

The economic recovery has continued throughout 2021 with the unemployment rate decreasing in the City of Austin to 3%, almost returning to pre-pandemic rates. Between November of 2020 & 2021, more than 100,000 jobs returned to the Austin-Round Rock MSA, an increase of 8.5%. Austin's large diverse economy and educated workforce will continue to drive the economic recovery into 2022, especially as the MSA experiences a large increase in the tech industry.

The pandemic has resulted in an even tighter housing market, with inventory dropping and prices rising. The AISD housing market is largely driven by high density infill and multi-family development. The district added roughly 1,500 traditional single family homes in the last 12 months ending in the 3<sup>rd</sup> quarter of 2021. In addition, the district had more than 430 closings of duplexes, condos and townhomes. Between 2020/21 and 2021/22 the highest number of units that came online were multi-family units. These high density infill developments and multi-family units however do not yield a significant number of AISD students. Condos and apartments yield an average of 1 to 2 students per 10 units, with newer complexes yielding lower than the district average. Traditional single family homes across the district yield an average of 2 to 3 students per 10 homes. In the next 5 years, the district is expected to add roughly 2,860 single family homes and 27,000 multi-family units. These population gains in new residential communities is offset district-wide by the loss of secondary students from the district.

The Covid-19 pandemic is continuing to have an effect on public education. Austin ISD is expected return to a more normal school year in 2022/23 as parents choose to re-enroll their students for in-person education. The AISD enrollment is expected to remain relatively flat for a 2022/23 enrollment of 74,627. Significant gains are expected in pre-kindergarten and kindergarten as students return to AISD schools. In the next 5 years, AISD is expected to decline by nearly 4,000 students for a 2026/27 enrollment of 70,713. This enrollment decline is driven by a projected reduction in students returning in 2022/23. AISD enrollment includes out of district students enrolled in the district, while population includes just the students that reside within the district boundary. The AISD population is expected to decline by more than 5,600 students in the next 10 years.

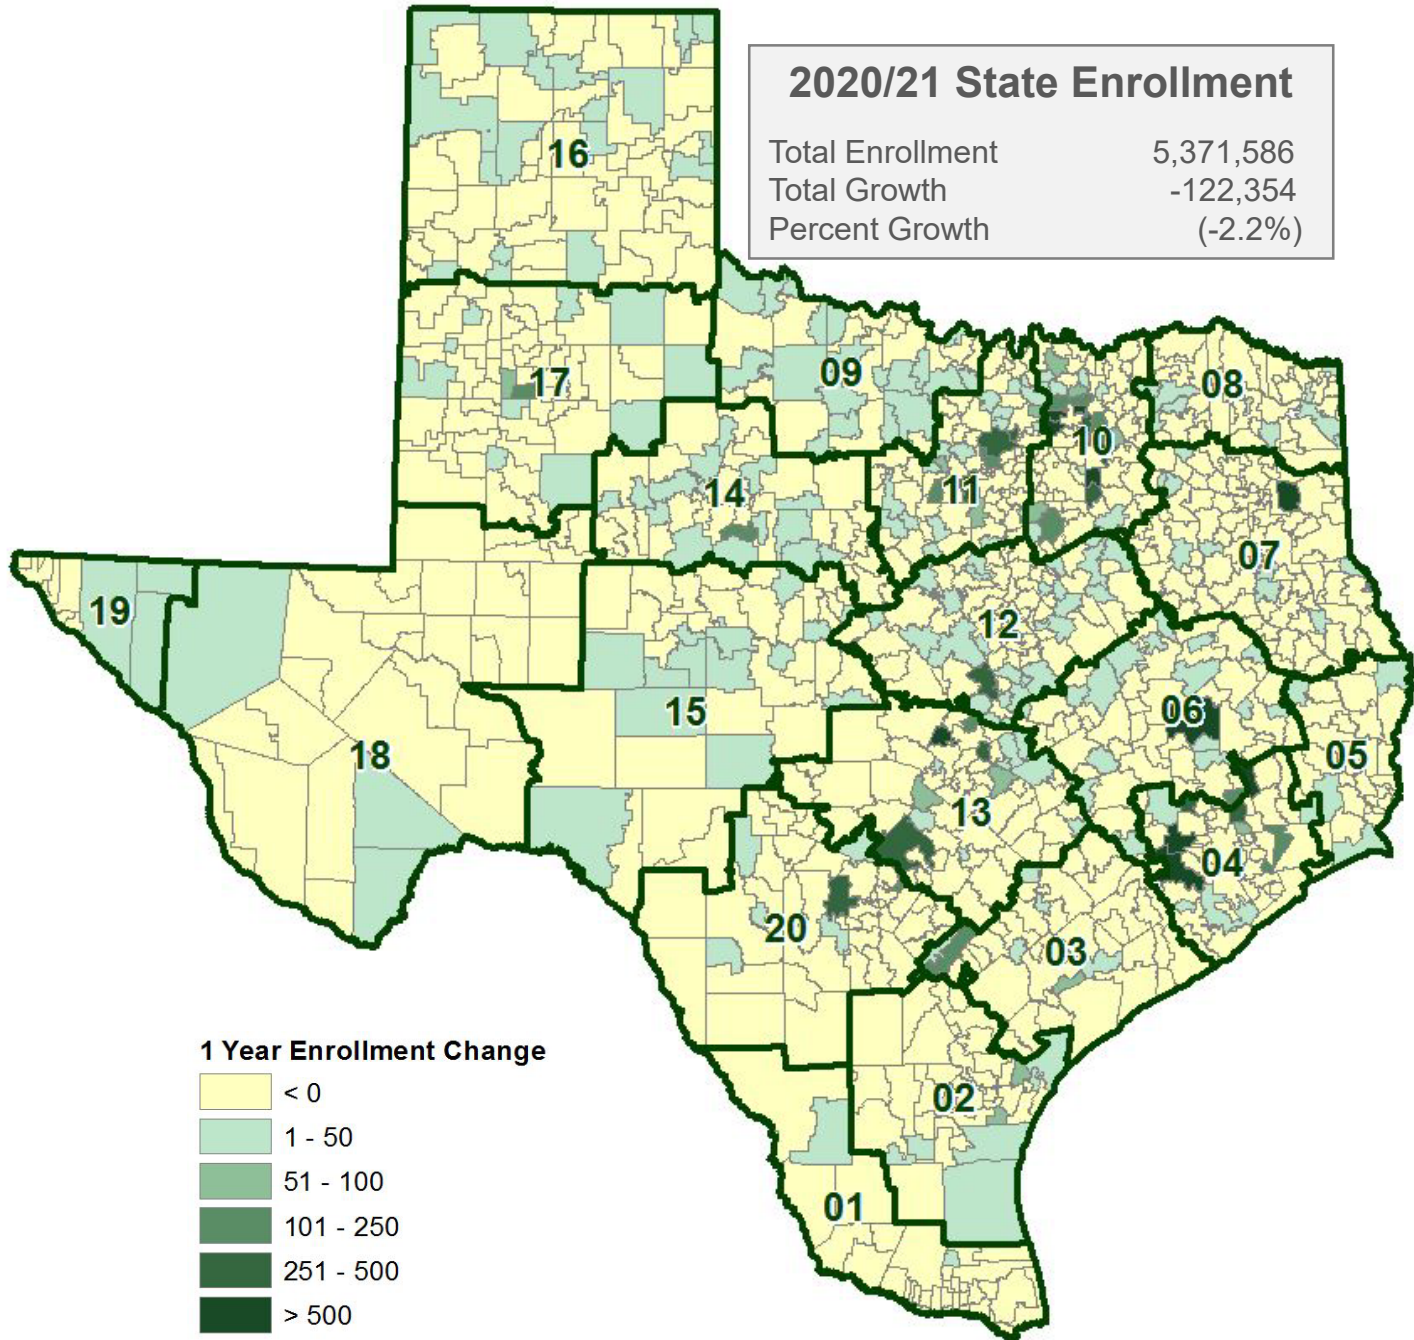

# Key Takeaways

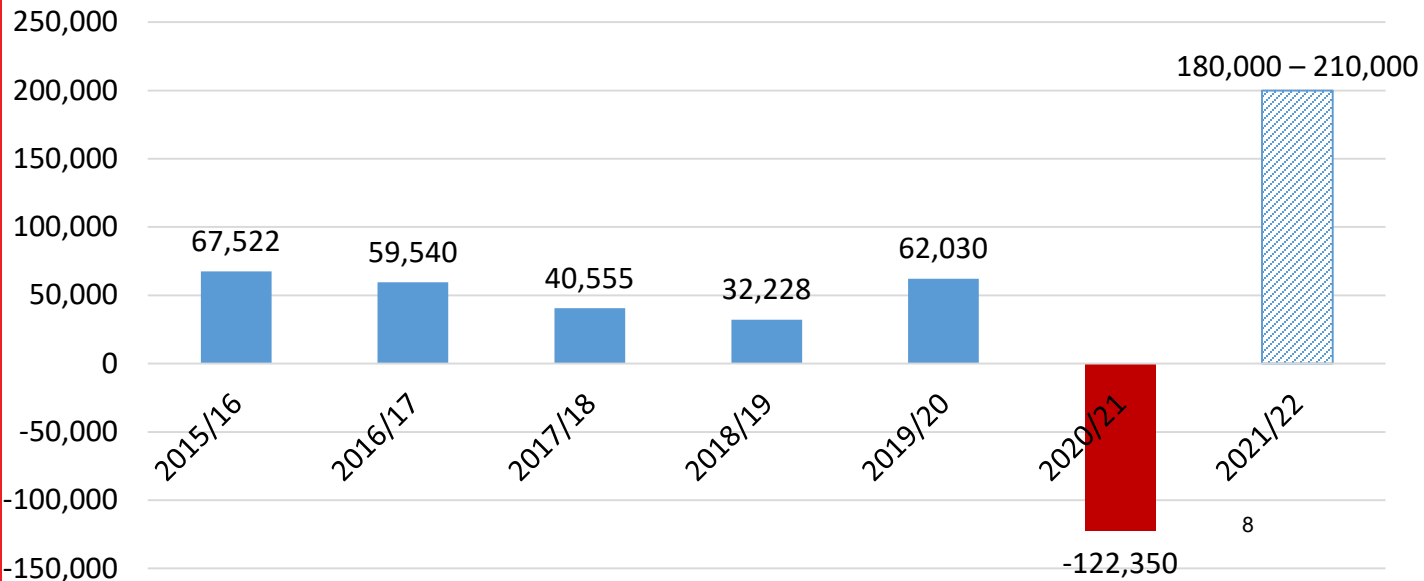

- Austin Independent School District's 2021/22 student enrollment is 74,645 students, an enrollment decline of 475 students over 2020/21, largely driven by the impact of the Covid-19 pandemic.
- The largest year over year enrollment declines were in kindergarten, 5<sup>th</sup>, and middle school grades experiencing enrollment decline of 982 students between 2020/21 and 2021/22.
- AISD's elementary school population (without out-of-district students) is 35,859 students, an increase of 290 students (+0.82%) over 2020/21.
- Total elementary school population is projected to increase by 503 students in the next year as students return to in-person learning, but decline by roughly 1,115 students in the next 5 years.
- AISD's middle school population is currently 15,169 students, a decline of 734 students over last year (-4.62%).
- The district's middle school population is expected to decline by 484 middle school students in the next year, and 1,106 students in the next 5 years due to smaller class sizes moving into secondary campuses.
- AISD's high school population is 20,621 students, a decrease of 128 students over last year.
- The district's high school population is forecasted to decline by 34 students next year, and 2,077 students in the next 5 years.
- In 2022/23, AISD is projected to enroll 74,627 students, a decrease of 18 students (-0.02%) from the current year.
- In 5 years the district may see a population decline of 4,299 students and a projected enrollment of 70,713 students, a decline of 3,932 students.
- More than 17,700 apartment units and an additional 3,200 condo units are under construction across AISD, which will come online within the district in the next one to two years and are expected to yield minimal students.
- AISD added more than 5,700 multi-family units and approx. 1,500 single family units in the last year. However, the number of students per unit has declined.

# Birth Rate Analysis

Austin ISD KG Enrollment v. District Births

	Kindergarten Enrollment	District Births	Ratio
2006 (2011/12)	7,808	11,360	0.687
2007 (2012/13)	7,975	11,531	0.692
2008 (2013/14)	7,693	11,378	0.676
2009 (2014/15)	7,353	11,155	0.659
2010 (2015/16)	6,782	10,660	0.636
2011 (2016/17)	6,585	10,421	0.632
2012 (2017/18)	6,470	10,672	0.606
2013 (2018/19)	6,226	10,463	0.595
2014 (2019/20)	6,304	10,625	0.593
2015 (2020/21)	5,691	10,603	0.537
2016 (2021/22)	5,570	10,101	0.551
2017 (2022/23)	5,663	9,430	0.600
2018 (2023/24)	5,566	9,260	0.601
2019 (2024/25)	5,499	9,305	0.591
2020 (2024/25)	5,530	8,855	0.624

- In 2016, 10,101 live births occurred within AISD, generating a KG class of 5,570 students in 2021/22
- Due to competition from area charter schools and affordability, the ratio of KG students to district births has been declining since 2012/13
- Additional KG losses occurred in 2021/22 due to Covid-19
- Between 2016 and 2019, births within AISD continued to decline, resulting in a flattening KG forecast beginning in 2023/24

# Leavers and Returners Analysis

Note: In 2016/17 AISD Board changed district policy to allow open enrollment

# Charter School Tracking

- Within the AISD boundary there are 52 operating charter school campuses, including 1 campus that opened in 2020/21 and 1 that opened in 2021/22
- These campuses enrolled more than 18,550 students in 2020/21, an increase of 752 students over 2019/20
- Within a 5 mile radius of Austin ISD, there are 77 campuses that enrolled more than 28,850 students in 2020/21, added 7 campuses in 2020/21 and 2 campuses in 2021/22

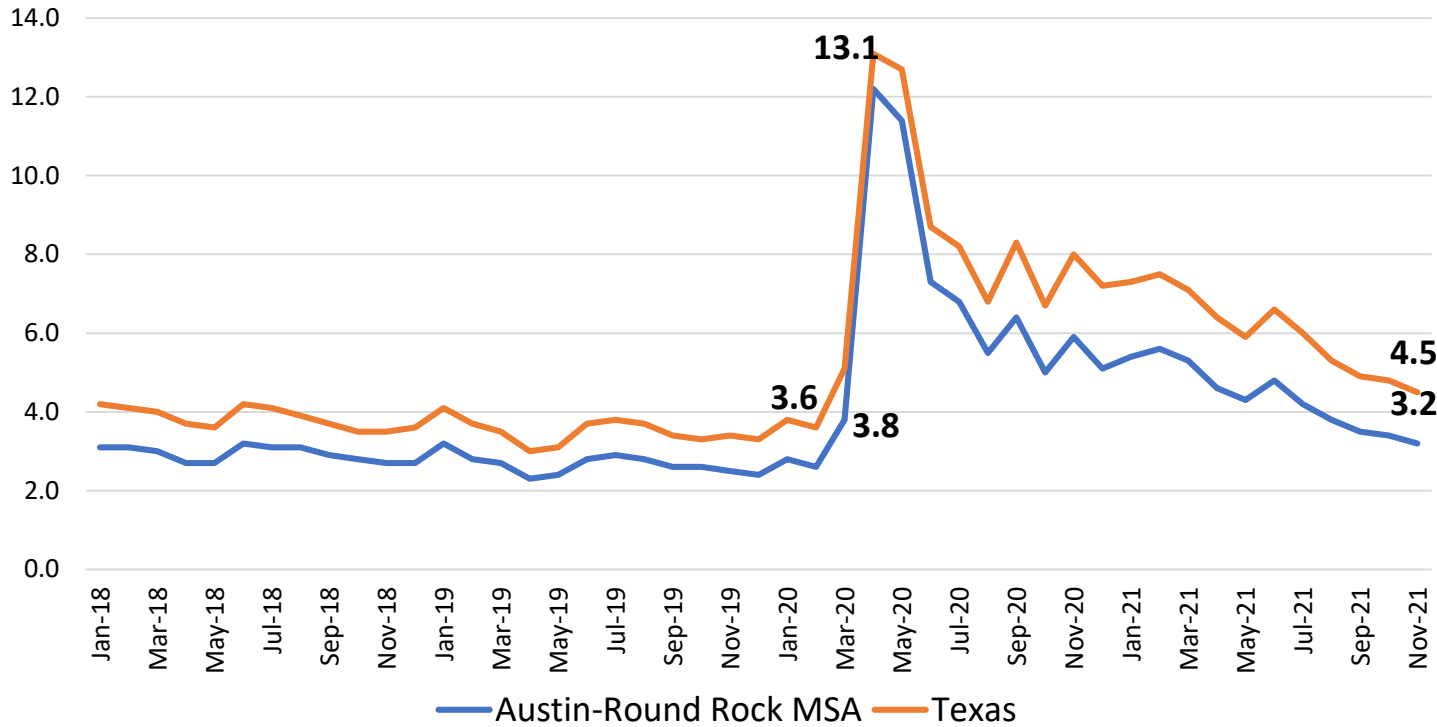

# ECONOMIC OUTLOOK

The Coronavirus pandemic has upended many norms going into 2020, including the strong economy at the start of the year. 2019 proved to be another record year for low unemployment rates and strong job growth within the Austin MSA. However, like the rest of the state and nation, Austin saw unemployment peak at nearly 12% in April of 2020 as lockdown restrictions, employment furloughs and layoffs went into effect. As lockdowns eased and company hiring resumed, unemployment rates have dropped and roughly half of the lost jobs have returned. The Austin MSA is in a unique position to prove its economic resilience with its educated and diverse workforce. This strength is proven with the relocation of Oracle's Headquarters to Austin and the groundbreaking of a Tesla Electrical Vehicle Factory. The factory is expected to open in 2021 and bring thousands of high paying skilled positions to the city.

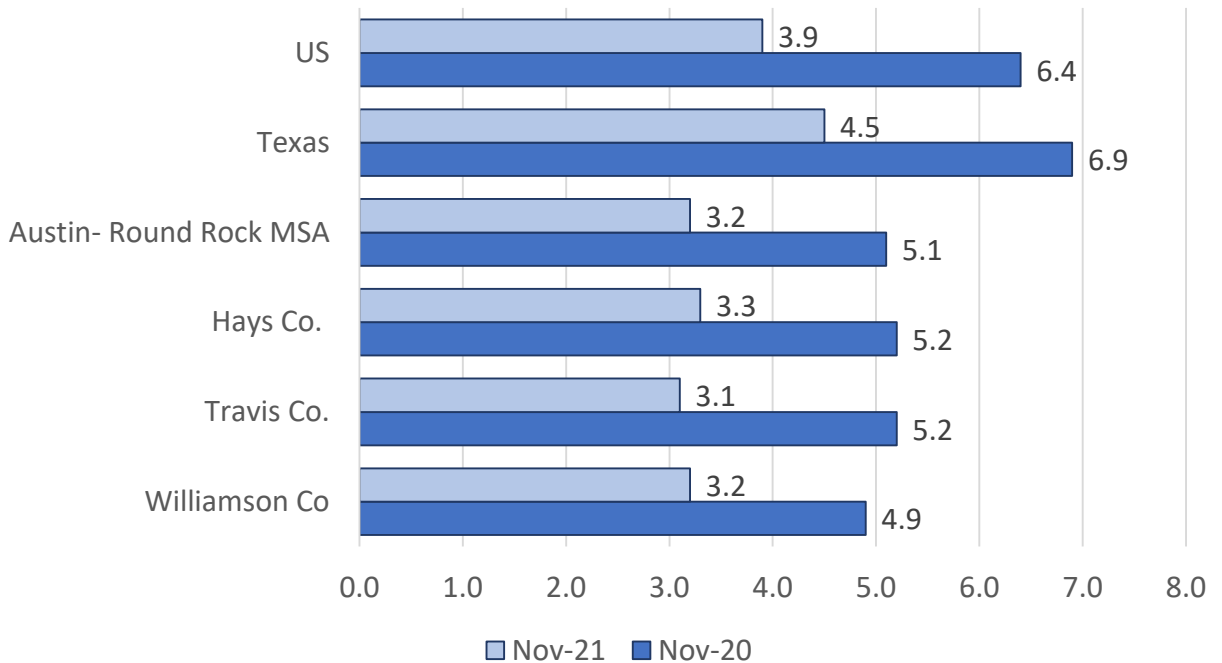

# Economic Snap Shot (November 2021)

Unemployment Rates, Jan. 2018 - Nov. 2021

Unemployment Rate, Year Over Year

- Unemployment within Texas and the Austin MSA has been on a steady decline since June 2021
- Austin area has lower unemployment rates than the overall state and national average due to it's diverse economy and highly educated workforce

## Tesla Electric Vehicle Factory

- Grand Opening for Tesla \$1.1 billion electric vehicle factory in Austin planned in early 2022
- Located east of Texas 130 that spans from near the Colorado River north to near Harold Green Road
- The 7.9 million sq. ft. plant will be producing Model 3, Model Y SUV, the Cybertruck pickup and commercial semi-truck
- Travis County and Del Valle ISD helped lure the factory to the area by approving over \$60 million in tax breaks
- The factory is currently expected to employ 5,000 people, with plenty of room for expansion

## Samsung Headquarters

- Samsung confirms location of \$17 Billion dollar facility in Taylor, TX in November 2021
- Aim is to kick off construction on the multi-billion dollar chip-making fabrication facility in the first half of 2022 then begin operations as early as 2024
- Samsung is asking Austin for a 100% property tax reimbursement on the project from the City for more than 20 years.
- The project would bring up to 1,993 jobs, 1,800 of which carry average salaries of about \$100,000.
- The project would be among the largest single economic investments in Texas history and the largest single investment in the Austin area

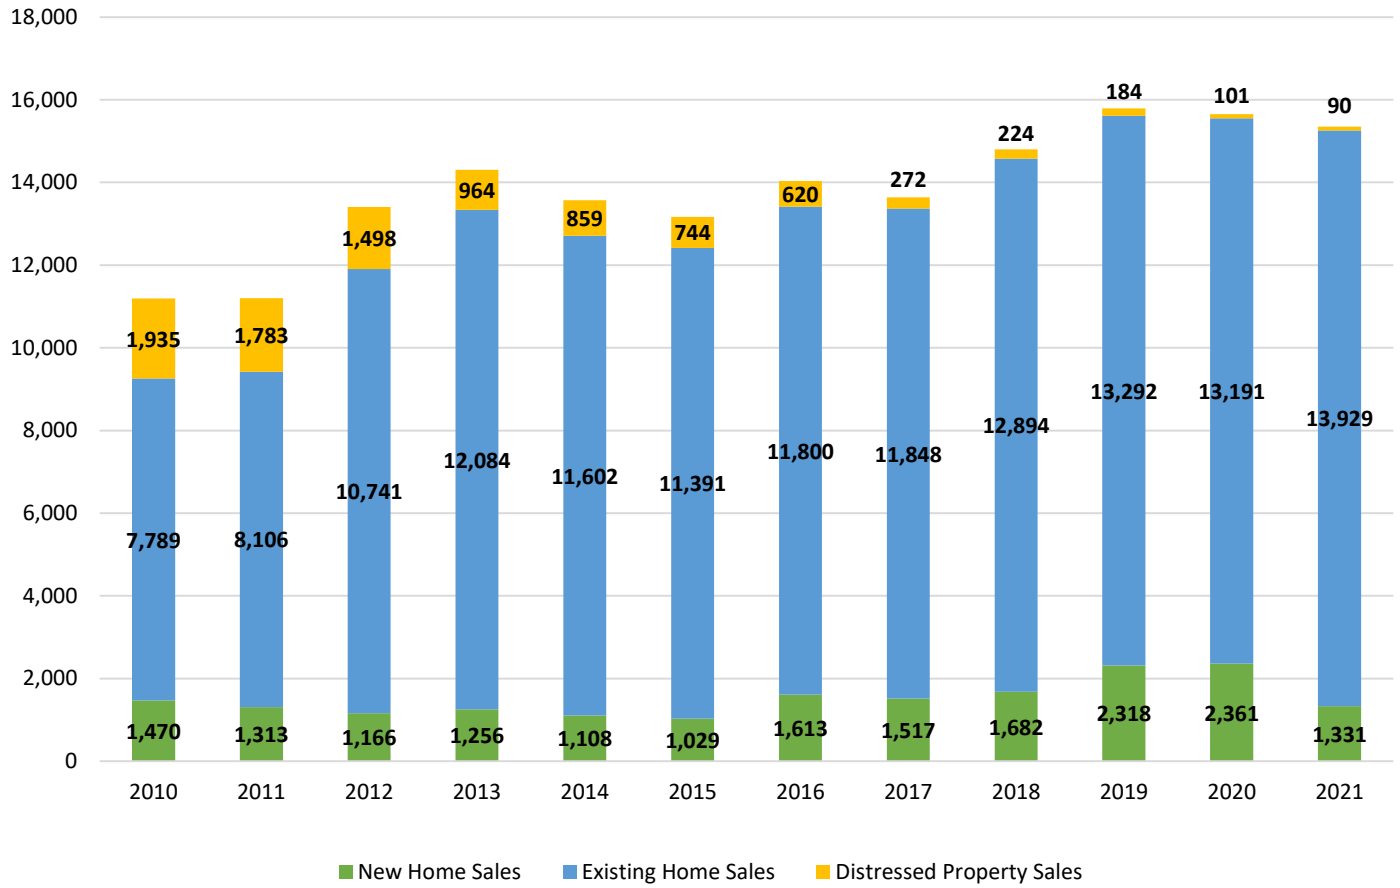

# HOUSING MARKET

While it is true that the pandemic had negative affects on many sectors of the economy in 2021, the housing market was not one of them. Within AISD, total new home starts and closings totals are down from 2020 only due to fewer condominium complexes starting construction. New and existing home inventory remains extremely tight, causing prices to continue to rise even as the overall economy slowed and unemployment rose. Within AISD, there were more than 1,500 new residential closings in the last 12 months through the 3<sup>rd</sup> quarter of 2021. More than than half of those units were traditional single family homes, while nearly 440 units were condos, duplexes and townhomes which yield significantly fewer students to AISD schools. More than 17,700 apartment units and more than 3,200 condo units are under construction across AISD. These complexes will cause an increase in new residential units in 2022 and 2023. However, these units are expected to yield very few students.

# Austin ISD Housing Activity

## Annual Home Sales by Type

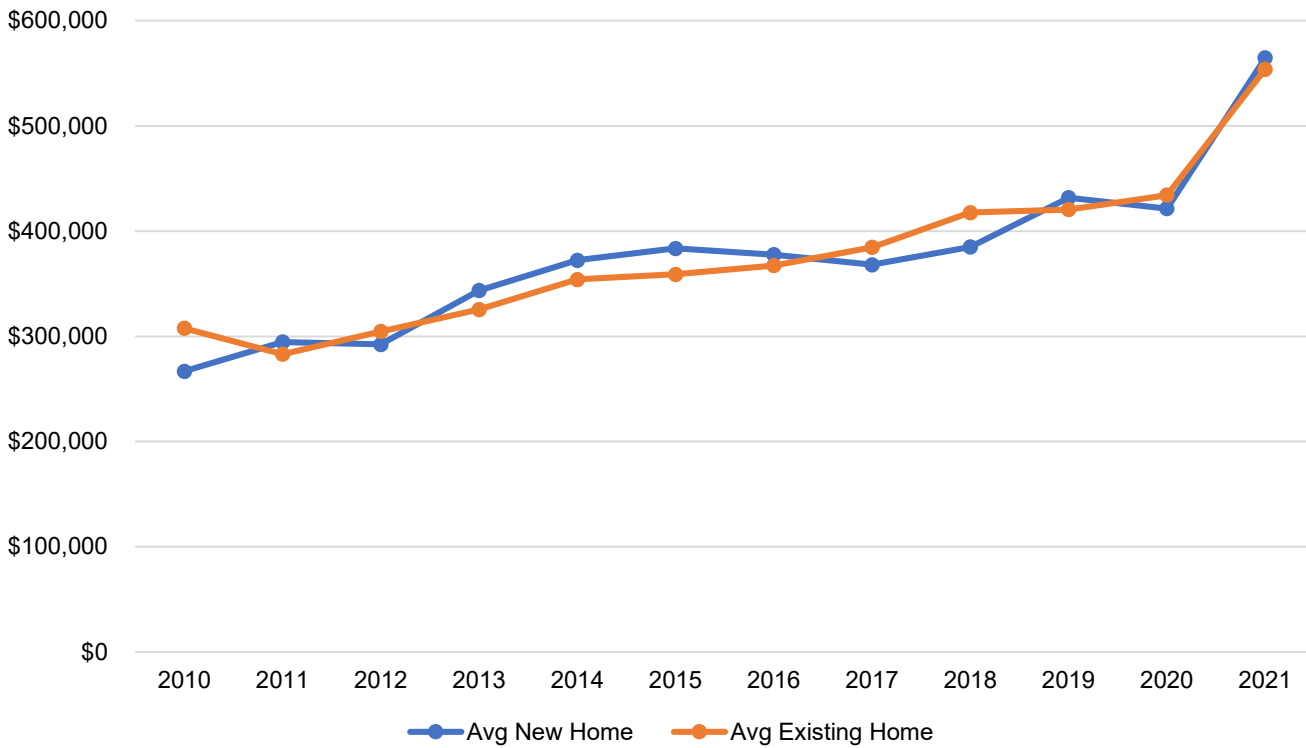

Source: Metrostudy and Travis County Deed Transactions

# Austin ISD Historical Home Price Analysis

Average New VS Existing Home Sale Price

	Avg New Home	Avg Existing Home
2010	\$266,748	\$307,688
2011	\$294,571	\$283,096
2012	\$292,321	\$304,607
2013	\$343,614	\$325,503
2014	\$372,289	\$354,113
2015	\$383,588	\$358,875
2016	\$377,674	\$367,306
2017	\$368,133	\$384,650
2018	\$384,924	\$417,679
2019	\$431,727	\$420,605
2020	\$471,268	\$479,104
2021	\$564,620	\$553,848

- The average new home sale price has doubled since 2010 within the Austin ISD, a rise of more than \$297,800
- The average existing home sale price within the district rose 80% since 2010, a rise of approx. \$246,160

Includes Single Family Homes, Townhomes, Duplexes and Condos

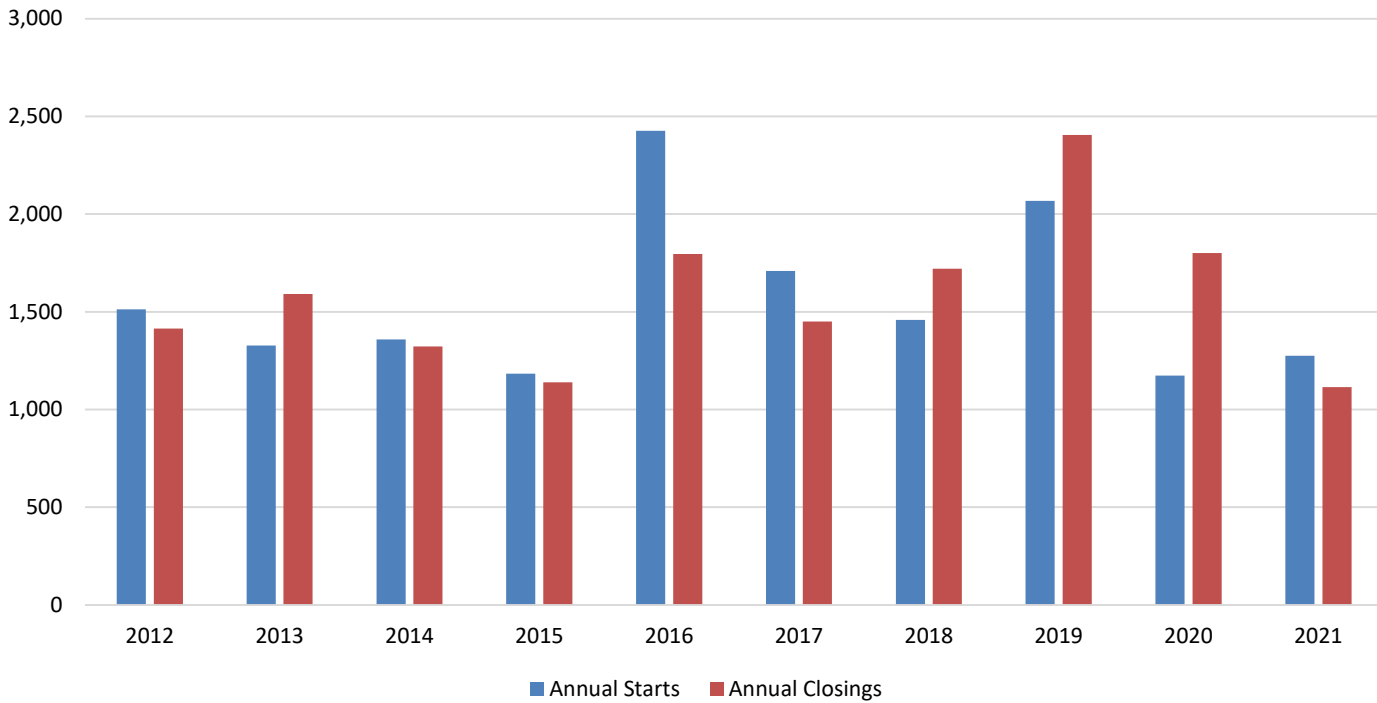

Figures include Single Family, Townhome, Duplexes and Condo units

- AISD has closed 1,547 residential units in the last 12 months, including 345 condo units
- Many high density infill developments like condos and townhomes do not yield AISD students

# 3Q21 New Home Activity by Housing Type

Housing Type	Annual Starts	Quarter Starts	Annual Closings	Quarter Closings	Under Construction	Inventory	VDL	Futures
Condominium	212	0	345	30	579	592	0	3,118
Duplex	12	8	2	0	10	28	18	0
Mixed-Use	131	39	269	22	114	135	361	227
Single Family	1,023	313	842	219	648	695	911	7,774
Townhouse	64	44	89	12	81	88	40	260
<b>3Q21 Totals</b>	<b>1,442</b>	<b>404</b>	<b>1,547</b>	<b>283</b>	<b>1,432</b>	<b>1,538</b>	<b>1,330</b>	<b>11,379</b>

- Of the 1,442 homes started in the last 12 months, 1,023, or 70% were single family homes
- Roughly three-fourths of all 3<sup>rd</sup> quarter new home closings were single family homes
- Condominium units, duplexes, townhomes and mixed use developments tend to yield fewer students than traditional detached single family housing

# POPULATION AND ENROLLMENT PROJECTIONS

## POPULATION PROJECTIONS METHODOLOGY

Templeton Demographics uses a detailed methodology in building population projections. First step is to break the district down into small geographic sections called planning areas. These planning areas are usually established around subdivisions and multifamily areas but major roads and transportation access also play a role in their creation. Second step involves the calculation of housing student yields which are calculated from the school district's student data that is carefully geocoded into our mapping software for analysis. Third step involves the review of student history to establish cohort patterns or historical growth rates. Fourth step involves the study of the housing market to forecast new single and multifamily housing units being built within the planning areas established in step one. Fifth step involves review of existing housing to establish regeneration areas based upon the age of the homes. All of these factors are used to build the ten year population projections at the campus and grade level

Following the completion of the student population projections the Templeton team then must establish the enrollment projections. Enrollment projections use the population projections as their base and then AISD incoming and outgoing transfer information is added in at the grade level. This includes; transfers from out of the district, employee students and transfers within the district based on internal transfer polices and programs. If the district does not provide information that would indicate populations moving from one campus to another these transfer patterns are held constant at each campus. Therefore the resulting projections trend similar to the population projections.

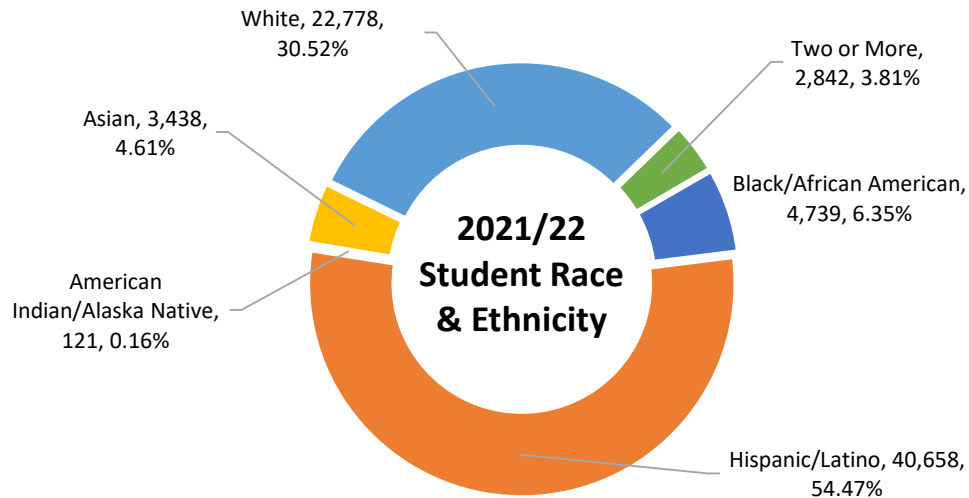

**NOTE: The projection methodology as detailed above was adjusted for the first year of this year's projections, 2021/22, as allowances were made for enrollments to bounce back at most grade levels following the impacts of the Covid-19 Pandemic. Enrollment in public schools throughout Texas, and certainly the country, saw significant declines related to the pandemic. The largest enrollment declines for AISD were experienced at the elementary level led by Pre-K and Kindergarten.**
