

Their wish list programs/spaces include welding, dentistry, fire academy, maker space, digital media (green screen room), recording studio and filmmaking lab. The fire academy is scheduled to become a program but will not have suitable space to use. The school has a recording studio, but it is makeshift and is championed by the teacher without additional district support.

The group indicated the priority for them is to remove classes from the portables and said there is a need for large collaboration spaces for staff, students and the public.

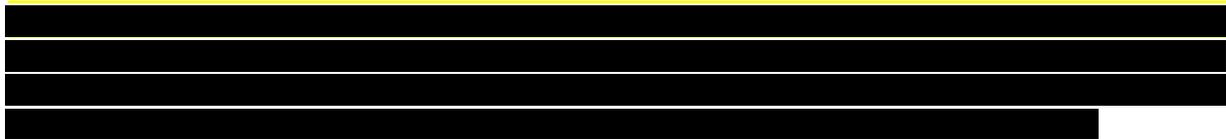

Assessment Findings

The Educational Suitability Assessment of Akins Early College High School earned a 59% overall score and places the campus in a category of Average. The assessment consists of seven General Building categories and eight Academic categories to determine areas that need more attention.

Unsatisfactory Categories (36-50%):

Security

Score is unsatisfactory.

Controllability of Systems

Score is unsatisfactory.

There is only a single switch on/off for lights. All studios have mini blinds that are in average shape. Not all studios have a thermostat.

Academic & Learning

Score is unsatisfactory.

Studios are slightly undersized at 790 SF. Science labs are adequately sized. The school does not have any Profession Learning Centers for instructors, and there is no group, small group or individual study space throughout the studio wings. A few of the CTE programs are in portables.

Food Services

Score is unsatisfactory.

The cafeteria and kitchen are undersized for the current student enrollment. There is only one type of seating available.

Average Categories (51-65%):**Outdoor Learning and Activity**

Score is average.

The school does not utilize outdoor studios. There are no cisterns, rain gardens or student gardens on campus. There is a grass field and track.

Furniture, Fixtures, Equipment

Score is average.

Furniture is in average condition and ergonomic/sized appropriately for grade level. The library has different types of seating, but many locations do not have furniture that is easily reconfigured.

Visual and Performing Arts

Score is average.

Some programs are not in suitable spaces. Piano is in an old music storage room, which creates acoustic and visual issues. The theater is adequately sized, but a few support spaces are lacking. The dressing rooms are undersized for the size of productions, and the scene shop behind the stage does not have a sink. Paint brushes are being washed in regular sinks. The visual art rooms and dance studio are satisfactory. The dance studio is undersized for the program.

Athletics and Wellness

Score is average.

The gym and auxiliary gym are adequately sized but all portions of athletics are dated. The weight room has been recently upgraded and is in adequate shape. There is no storage for off-campus sports, such as golf, swimming, etc. The track is across the street, and the fields are spread across campus.

Media Resources

Score is average.

The library is at the main entry but does not have a secure after-hours entry. The library is one large open space and may not be conducive to quiet study. The furniture is set up to accommodate different group sizes. There are charging towers, a computer lab and movable digital displays.

Technology

Score is average.

Outlet placement throughout the school is average. There are movable digital displays in all studios along with whiteboards and some projectors. The A/V in the cafeteria/gym is dated. Throughout the school, many studios still have ceiling-mounted bulky televisions that are likely original to the school.

Administration Spaces

Score is average.

The administration space feels welcoming but is far removed from front door. The conference room within the administration space is co-located with the principal's office.

Satisfactory Categories (66-80%):

Exterior

Score is satisfactory.

There is adequate separation of bus pickup/drop-off and student traffic. The school has approximately 50 buses that come and go each day, and they currently line up from Old San Antonio Road through the campus to South First Street. The signage for staff/visitor/student parking is adequate. All three dumpsters (trash, recycling, compost) are present, and the route is barrier free.

General Building

Score is satisfactory.

The hallways are generous and over 10 feet in width. The school does not have a community room. The cafeteria, gym and auditorium can all be accessed separately after-hours. The general appearance of the school is good. The landscape in the middle of the courtyard could be improved to make it a more utilized space.

Environmental Quality

Score is satisfactory.

All studios have access to natural daylight and views outside. There was a strong musty odor in the third gym while completing the assessment walk. The school has had rat issues, and there are reports of bats in the theater entering through the roof, which is under repair.

CTE and Career Connected Learning

Score is satisfactory.

Akins has the most CTE programs of any school in the district. While the offerings of the CTE program are plentiful, the teaching spaces need some upgrades to function for their intended purposes. Health science, vet tech, ag barn, and greenhouse were all noted as needing upgrades.

Supporting Photographs

Main corridors and circulations in main studio building. Corridors are wide and have natural daylight.

Fine Arts: Orchestra room is under-sized. Band, orchestra, choir all have limited practice rooms and current practice rooms are being used as storage.

Supporting Photographs

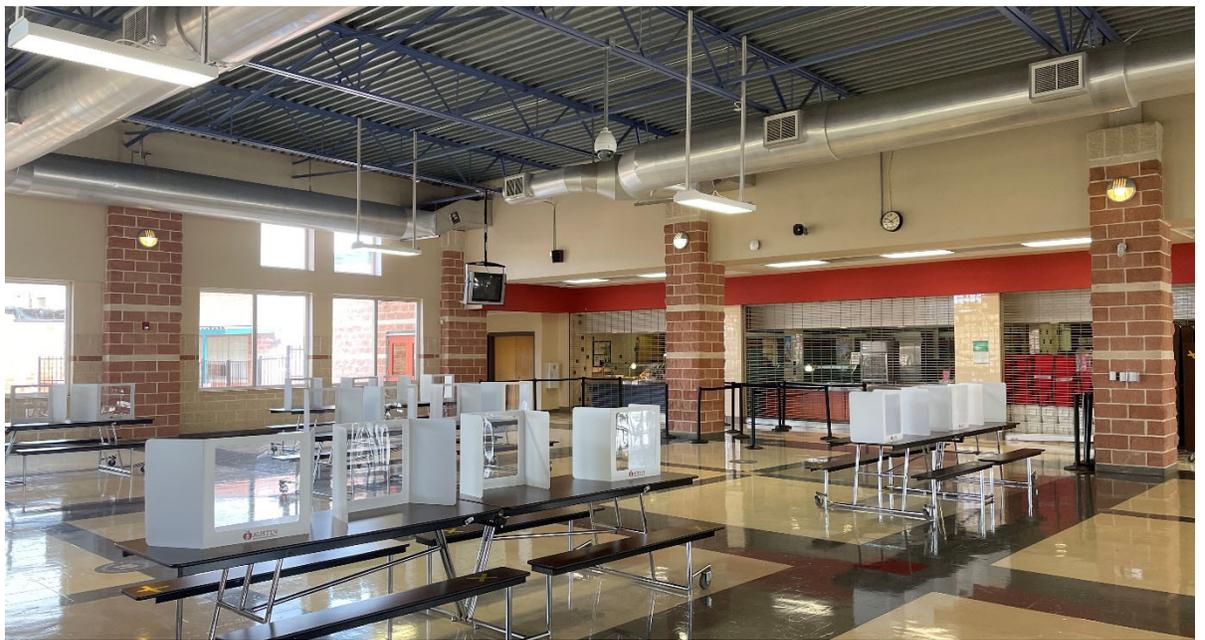

Academics and Learning: Science room are in adequate shape with flexible seating arrangements and sink areas along the edge.

Athletics and Wellness: Large gymnasium space for basketball and volleyball is adequately sized.

Supporting Photographs

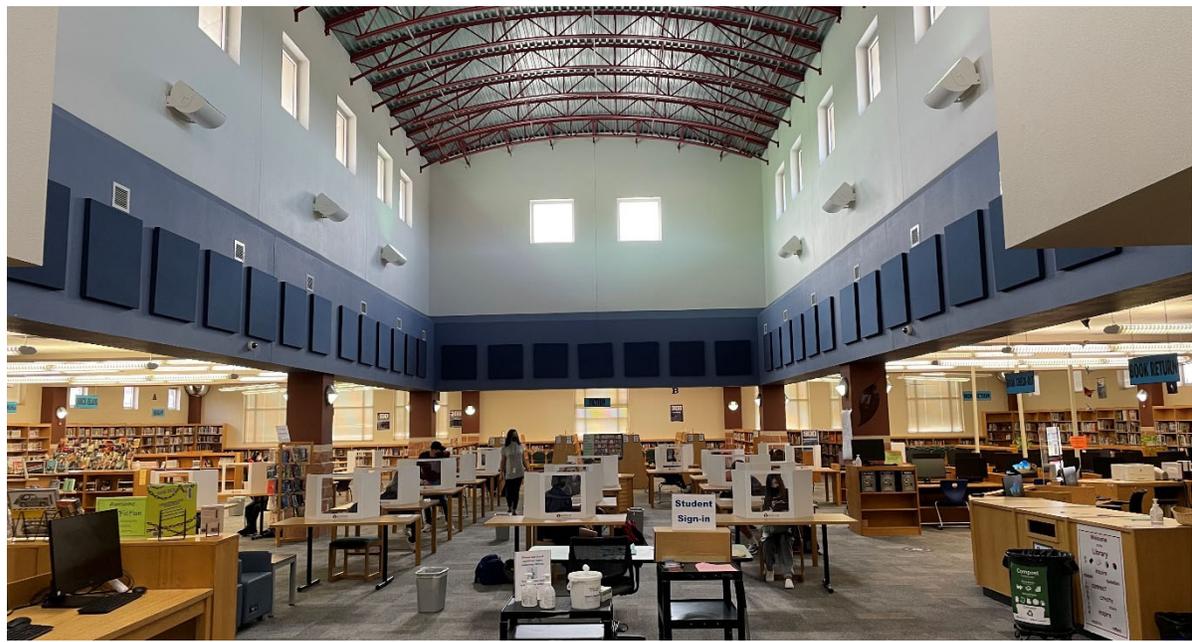

Food Service: Cafeteria located in a separate building. It is undersized for the current student enrollment.

Outdoor Learning and Activity: Center courtyard space needs upgrades to landscaping and furniture to function as outdoor studios or collaboration space.

Supporting Photographs

Media Resources: Open-concept library with computer stations.

View of exits to central courtyard space from main building.

Supporting Photographs

Computer lab studio in tech building is adequately sized, but there is no power for center tables.

Athletics: Condition of fields could use improvement. No site lighting is provided at the fields.
