Austin High School Academies Extension

Develop exploratory problem-based learning in Science, Technology, Engineering, Art and Mathematics (STEAM), as well as humanities curriculum at O. Henry Middle School to align with the Austin High School academies. Blended learning programs will be implemented at the elementary schools that feed into O. Henry to give students a seamless transition between grade levels. These programmatic changes will ensure that students are prepared for and will be successful in the Classical Studies, Design & Technology, Global Studies and Science & Innovation academies at Austin High.

Serving Students

Students can cultivate their curiosities in STEAM and the humanities by engaging in real-world scenarios. By integrating some of O. Henry's educational ideology and approach into earlier studies, students can acclimate to changes incrementally and thrive upon entering high school.

Preparing Our Kids To Succeed By

- Strengthening program alignment between feeder elementary, middle and high schools.
- Implementing blended learning programs at the feeder elementary schools that align with 0. Henry.
- Equipping students with transferable critical thinking, problem-solving and collaboration skills at an early age.

Pease Reenvisioned

The Pease Elementary School will be relocated to Zavala Elementary School, and the two schools will combine. The Zavala campus will receive a facility improvement to accept the Pease student enrollment. Pease does not have an attendance area, therefore students will have the option to attend Zavala, return to their assigned school or transfer to another school. The Pease building will be repurposed to support other district needs.

Anticipated Date

Timing will be determined upon a comprehensive assessment of complete School Changes project phasing
